

Dickie Beach SLSC Nippers

Getting Started with Team App

Commencing this season (2017/18), Dickie Beach Surf Life Saving Club will be using Team App to communicate and coordinate regarding our Junior Activities 'Nippers' program.

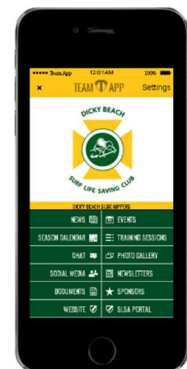

Team App is a free app designed to provide sporting and social clubs with better tools for communicating with members in real time using either web based or smartphone app interfaces. You can find out more about Team App [here](#).

Below are some instructions to assist first time users to download, register and set up Team App for use.

For those without a smartphone, you can still register with Team App on your desktop and experience the same functionality as the mobile app with the added benefit of receiving emails instead of push notifications.

Instructions for smartphone users:

WELCOME TO DICKY BEACH SLSC NIPPERS - 2017/18

The Dicky Beach Junior Activities Committee (JAC) would like to welcome all families to the 2017/18 season. Nippers are a dynamic part of the Dicky Beach SLSC community. Nippers offers a fun and active lifestyle choice for children between the ages of 5-13, as well as a solid base for competition in surf sport activities. Our aim is to provide an opportunity to learn more about the beach and the surf in a safe and enjoyable environment and encourage the next generation of young lifesavers. We pride ourselves on being a family friendly club and encourage parents to become involved in the club and its activities throughout the season. There are many ways of providing assistance and in our experience there is nothing more satisfying than helping your children as they learn and have fun. This Team App will be our major communication tool this year. Please familiarise yourself with the information available and if you have any questions, please do not hesitate to contact us.
